Part two: A) Read the following passage then choose the best answer to the questions below: (2) points each		

Tea is an aromatic beverage. It is made from the leaves of Camellia. It is classified into five main types: Black, Green, Oolong, White, and Puerth. Black tea is historically the most (common 1) in the western world. Green tea may (benefit 2) the heart. Tea is popular in countries around the world. In history, tea drinking was important part of customs in some countries. There were different customs for drinking tea. In Britain, the British like a nice cup at half past seven in the morning, their idea of heaven is a nice cup of tea. In China and Japan, tea was first used as a medicine. Years later, they started to take it as a daily drink. There are many interesting tea customs that have developed over the countries. For example, people in Japan serve green tea in small cups, however British prefer black tea. In India, people might drink tea with milk and sugar. In Morocco, people drink tea with sugar and mint. Tea may no longer be considered as cure for all illnesses, but (it 3) is a remedy for both the body and the spirit in our life.
